## About BudGIT Ghana

BudGIT Ghana is a civic technology organisation that specialises in intersecting citizen engagement with technology to promote transparency and accountability in governance. As a pioneer in social advocacy melded with technology, BudGIT Ghana uses a range of technologies to simplify government budgets and public spending for citizens to foster accountability and responsible governance. With a four-pronged focus on Budget Access, Tracka, Extractives, and Institutional Support, our methodology is to use the most refined data-mining skills to present data to citizens and empower them to demand better service delivery and good governance.
